

HEADQUARTERS TO BE ESTABLISHED

In Edmonton of Traveler's Life Assurance Company—Colonel Rogers Here.

To complete the establishment in Edmonton of western headquarters for the Travelers Life Assurance Co., of Canada, (Lieut.-Col. S. Maynard Rogers, formerly a prominent citizen and military man of Ottawa, Ont., reached the city this morning, and is a guest at the King Edward.)

Lieut.-Col. Rogers is accompanied by

LIEUT.-COL. S. MAYNARD ROGERS of Ottawa, who has come to Edmonton to establish Western Headquarters for the Travelers Life Assurance Co.

G. H. Allen, general manager of the Travelers Life Co., who is traveling through the west inspecting branches and establishing new ones. The two gentlemen will spend a few days in the city, and will leave Sunday for Calgary where Col. Rogers will spend a few days before returning to Edmonton. The Travelers Life Assurance Co. was organized only last year and the branch in Edmonton was established only recently with A. L. Bigger, in charge.

Col. Rogers is to be manager for Alberta and Saskatchewan for the company, and Mr. Bigger is to be assistant manager for the two provinces with headquarters at Saskatoon. The company are opening new offices tomorrow in the Union Bank block, Jasper avenue.

Col. Rogers has been prominent in military circles in the east for a good many years and is an education and ex-school trustee of Ottawa. He was born in Plymouth, England, in 1862, and arrived in Canada with his parents in 1880. He served with the first Canadian contingent during the South African war. He was captain of D company, 2nd Battalion, and was exceedingly popular with both officers and men. For his services in Africa he received a medal and four clasps. During the past three years he has been chief staff officer at the Rockcliffe camp.

Lieut.-Col. Rogers is an ex-school trustee and ex-squadman of the city and was at one time a leading official in the O. A. A. C.

A. L. BIGGER Assistant Western Manager for the Travelers Life Assurance Co.

date institute. He has always been a military enthusiast, and had been a commanding officer of the 43rd regiment, D. E. O. L. He served with the first Canadian contingent during the South African war. He was captain of D company, 2nd Battalion, and was exceedingly popular with both officers and men. For his services in Africa he received a medal and four clasps. During the past three years he has been chief staff officer at the Rockcliffe camp.

Lieut.-Col. Rogers is an ex-school trustee and ex-squadman of the city and was at one time a leading official in the O. A. A. C.

DEPARTMENT STORE TO BE ESTABLISHED IN THE TEGLER BLOCK

Representative of Eastern Capitalists in Edmonton Today Making Necessary Arrangements to Open Big Mercantile Establishment

For the purpose of looking over the ground preparatory to making arrangements for the establishment of a big departmental store in the new six-story Tegler block on First street, J. Ramsay, who represents eastern capitalists behind the project, is a guest at the King Edward this morning.

Mr. Ramsay visited Edmonton some months ago and signed a lease for three stories and the basement of the new Tegler block, covering ten years, for

the sum of \$100,000. The new block is now in course of erection at the corner of First and Elizabeth and will cost about \$175,000. The department store which is to be established in the block will be one of the most up-to-date in the west.

The department store company expects to occupy their portion of the block by the middle of August. The contractors for the building are pushing the construction with all possible speed.

LIBERTY SHORT LIVED FOR FUGITIVE FROM JUSTICE

MONTREAL MAN MAKES ESCAPE FROM HOME TOWN BUT LYNX-EYED SLUT IN EDMONTON PLACES HIM UNDER ARREST.

Hoping that in the far northland he might find a refuge from the law, Ross Shores, charged in Montreal with the theft of the sum of \$1200, arrived in Edmonton a few days ago, and prepared to set out for the frontier of civilization in the north. He did not suspect that his coming had been heralded, and that the Edmonton detachment of the R. N. W. M. P., in connection with every detachment of the mounted force, and every city police chief, were on the lookout for just such a man as he.

Yesterday afternoon Sergeant Shure effected the fugitive's arrest in a Jasper avenue store. The mounted policeman had studied the description given by the Montreal police, and after a cursory examination of Shores' appearance, Sergeant Shure came to the conclusion that he saw before him the Montreal man wanted.

Shores was held in custody pending the arrival of an escort from Montreal, at the mounted police barracks here. The news of the arrest has been telegraphed to the city police of the commercial metropolis of the east.

OLIVER LIBERALS RESPOND TO CALL AND ORGANIZE

NEW LIBERAL ASSOCIATION FORMED AT MEETING HELD LAST NIGHT—GEO. B. O'CONNOR IS PRESIDENT AND J. K. McDONALD SECRETARY.

"Get together," went out the call from Frank Oliver and his organ, the Bulletin, last week. The response to this call came in the meeting held last night, of supporters of Hon. Frank Oliver, to organize what they call a new Liberal association in Edmonton, which is to have no connection with the old Liberal association, nor with the Young Men's Liberal club, which, they say, is the machine of one man only.

Indicated on the manner in which their patron saint, the hon. minister of the interior, has been repudiated by citizens of Edmonton who have the interests of the city and north country at heart, these so-called new Liberals "got together" last evening, in the offices of Geo. B. O'Connor and organized their new association, at which provisional officers were chosen and a committee appointed to draft a constitution.

In the absence of Geo. B. O'Connor, W. T. Henry was chairman of the meeting. J. R. Boyle, Wilfrid Garriep and others were prominent in the meeting. Among those present were: W. T. Henry, J. L. Cote, M.L.A.,

J. R. Boyle, Thos. Bellamy, P. E. Butchart, Dr. Nicholas, J. H. Picard, John Macdonald, J. H. Pickering, J. K. McDonald, P. T. Butchart, Alex. Stuart, E. B. Cogswell, John Kelly, A. H. Allen, W. J. Garrier, Dr. R. Francis, W. G. Burns, E. J. Taylor, Jos. Lasrose, W. Garriep, Dr. Bishop, E. E. Theriault, Dr. H. H. Thibault, E. N. Butchart, J. W. Hoff, A. Murphy, Geo. Stockham, John Howey, J. R. Garriep, Wm. Frankenhagen, J. W. Eager, H. H. Harkness, G. H. Herwood, D. H. MacKinnon, R. W. McKenney, M.L.A.

The resolution which was carried unanimously was "That a Liberal Association be formed to be named the Edmonton Liberal association, which shall be conducted with the object of supporting the Liberal Dominion and Provincial governments, the association to consist of all the persons who have already signed the membership list and those who may hereafter sign the same."

Officers Elected.

Honorary officers elected were:

INSANITY RUSE FAILS TO WORK

Donald Marsh Transferred From Asylum to Mounted Police Barracks.

Committed for trial last fall by a Lac Ste. Anne justice of the peace, on five separate charges of theft, Donald Marsh, described as a typical neophyte, with tendencies to kleptomania, will be arraigned in the district court at Lac Ste. Anne tomorrow, before Judge Noel.

Almost every one of the thefts alleged to have been committed by Marsh were of a petty character, consisting of personal effects of little value, belonging to people of the Lac Ste. Anne district. From the stable of a farmer he is alleged to have stolen a saddle and bridle; from a house of the district, a coat and shirt from another residence.

Marsh developed real or feigned insanity immediately after his commitment last fall, and the man was apparently under the impression that his being sent down to Brandon asylum as insane would relieve him of further necessity to appear on the theft charges. At that rate, he had been in the institution for mental misfits but a brief period before the symptoms of derangement disappeared. To his surprise, he did not obtain his liberty, but merely found himself transferred from the asylum to the mounted police barracks at Fort Saskatchewan, where he soon gained more than a hazy acquaintance with heavy physical labor.

NORTH CAROLINA SUNDAY SCHOOL

High Point, N. C., April 26.—Five hundred delegates and visitors, including many religious workers, are attending the annual convention of the North Carolina Sunday School Association, which met here today for a three days' session.

H.B. CO. REAP BIG FORTUNES FROM LAND THEY GOT FREE

PROPERTY AROUND OLD POSTS LOCATED 40 YEARS AGO SELLS AT CITY VALUES NOW—SOME BIG VALUES IN EDMONTON

The manner in which the Hudson's Bay Company are realizing enormous values now, on land for which they paid practically nothing 40 years ago, has never been more effectively demonstrated than is being done in Edmonton today.

The spectacle of this 200 old city lot company receiving \$1,200 per city lot, or about \$5000 per acre, for land which they got absolutely free of charge from the Dominion government 40 years ago, and which has now become a part of the central portion of the city of Edmonton, has been witnessed within the past few weeks.

Immediately south of Churchill avenue, seven blocks north of Jasper avenue, the company are now selling lots which they have held for 40 years, at from \$1200 each upward, compared with \$1000 for the same figures at more than \$5,000 per acre, for land which not so very many years ago formed an unsold portion of the unsold portion of the H. B. Co. Edmonton reserve, 1 mile wide and 2 miles back from the river.

What is happening today in Edmonton happened some years ago in Winnipeg. It will happen in future years at every Hudson Bay post in the north where a city happens to spring up. Land which the company reserved

CLASSY EXHIBITS SEEN AT THE FIRST EDMONTON STOCK SHOW

Beautiful Weather, Big Crowds, and Splendid Animals, Guarantee Absolute Success for Spring Shows Which Open To-day on New Exhibition Grounds

Edmonton exhibitors were heavy winners at the stock show this morning. In the Hackney class the Devonshire stables won first prize, and Roberts of Vegreville, second. W. R. Winslow, of Lacombe, carried off all the prizes in the Ayrshire bull class.

Beneath a sky of brilliant sun, with show, but among those present were King's weather prevailing, the first horse and cattle show to be held in Edmonton, opened on the new exhibition grounds at 10 o'clock this morning, with a large crowd of noted stock men, and others in attendance.

More favorable weather could not have been desired. It was the first time the first show of the season was a success. There are over 100 animals being exhibited, and some of the finest first shows in all Canada is on exhibition. This is a coming thing, and breeds class horseflesh and this fact was never more clearly demonstrated than in the showing made at the stock show today.

There was no formal opening of the show today. (Continued on Page Four.)

RIGHTS OF CITIZENS TO BE DETERMINED BY JUDICIAL ACTION

To determine once and for all the rights of private citizens as against Constable-like police methods, and to determine the right or lack of right of a multi-class policeman, wearing no badge of his calling, and even declining to reveal his identity, to make an attack upon an individual at his own caprice, A. R. Groff will bring action in the police court against Chief of Police Ennor on Friday next. Chief Ennor will be charged with assault upon Mr. Groff at the Oliver meeting at the Thistle rink, and again on the following day in the chief's office. C. C. McCaul, K. C., will be associated with J. A. Clarke in the conduct of the case, police court Friday, and Minister Cowan and a number of prominent citizens who witnessed the alleged assault will be called to the stand. The case opens at 2:30.

Edinburgh, April 26.—Public exercises were held today to commemorate the 200th anniversary of the birth of David Hume, the famous historian and political economist, who was born in Edinburgh, April 26, 1711, and spent the most of his life here.

Plenty Work for Those Who Enjoy Life in the Country.

Farmers throughout the province are in need of help at present, according to Publicity Commissioner Holchiesen, and there should be little difficulty in immigrants who wish to do so, finding work with farmers.

Mr. Holchiesen has applications from around Red Deer. He has been notified by the publicity commissioner of Red Deer that some men will be needed in that district this summer, and that, with railway construction proceeding extensively in that neighborhood, there should be no lack of work for immigrants who want it.

ALBERTA FARMERS NEED MORE HELP

Plenty Work for Those Who Enjoy Life in the Country.

Farmers throughout the province are in need of help at present, according to Publicity Commissioner Holchiesen, and there should be little difficulty in immigrants who wish to do so, finding work with farmers.

Mr. Holchiesen has applications from around Red Deer. He has been notified by the publicity commissioner of Red Deer that some men will be needed in that district this summer, and that, with railway construction proceeding extensively in that neighborhood, there should be no lack of work for immigrants who want it.

PIONEER STILL PUSHING HIS COURSE WESTWARD

N. N. ANDERSON AND FAMILY OF NINE EN ROUTE TO GRANDE PRAIRIE—EXPECT TO COMMENCE LIFE ALL OVER AGAIN.

Lured by the call of the north, N. N. Anderson, pioneer from his youth, ever seeking the frontier, moving further south and further west as the fringe of civilization and population becomes widened, arrived in the city today to leave again tomorrow morning, with his family of nine, for the Edmonton to Grande Prairie.

Mr. and Mrs. Anderson registered at the immigration hall this morning. With their family they constituted the sole arrivals for the morning, but as the family is a large one, the ages ranging from 11 months to 13 years, seven children in all, the immigration statistics for the day will not be quite insignificant.

Tomorrow morning the Anderson family leave on the west-bound train, and in the course of a few weeks they expect to have located their future home, erected their temporary buildings, and to be ready to work on the land.

CHIEF OF POLICE SCORED BY ALDERMEN AND COMMISSIONERS WILL HOLD AN INVESTIGATION

CITIZEN WHO WAS THROWN OUT OF PUBLIC MEETING REGISTERS PROTEST WITH COUNCIL—HAS CLEAR CASE AGAINST CITY, SAYS ALDERMAN HYNDMAN, WHO RECOMMENDED THAT CHIEF BE CENSURED FOR HIS ACTIONS—CITY WILL TAKE OVER ATHABASCA RIVER POWER SITE—DISCUSS PURCHASE OF POWER MACHINERY—GAS AGREEMENT TABLED FOR ONE WEEK—WILL HOLD ADJOURNED MEETING TOMORROW EVENING.

A recommendation from the council that the city commissioners conduct an investigation into the actions of the chief of police, coupled with the suggestion of Alderman Hyndman that the head of that department be censured for interfering with citizens without any cause whatever, was one of the chief features of the meeting last evening.

At the close of the meeting, the council went into committee of the whole to discuss the purchase of machinery recommended by the commissioner and Engineer Parsons, the expert who submitted a report for the council, were present, and discussed the question from a technical standpoint. One of the chief features of the discussion was the fact that while the commissioner and Engineer Parsons agreed on minor points, they did not agree on the type of machinery. At the outset, the commissioner declared that he was in favor of purchasing two 1000 k.w. mixed pressure turbines, but later on in the evening contradicted himself by announcing that he had not decided on the type or size of the plant which should be purchased.

Engineer Parsons pointed out that with a high pressure machine the initial cost as well as the cost of maintenance was considerably less than with the mixed pressure type. He could not recommend that any unit less than 2000 k.w. be installed.

At the close of the discussion, it was recommended that the commissioner and Engineer Parsons get together and discuss the question. The former, contrary to expectations, expressed himself as very pleased with the suggestion, and stated that he would be very glad to discuss the question with the expert. He waited it until tomorrow, however, that the commissioners were to be put to no expense in connection with the report of Engineer Parsons.

It was generally admitted that the

departments who benefited from the report should bear the expense thereof.

When a motion was passed endorsing the action of the mayor in employing the expert in question, Alderman Hyndman and McKinley placed themselves on record as being opposed, contending that they considered the council had no authority and did not intend to be made individually liable.

Mayor Armstrong took the adherents in question severely to account by pointing out to them that they had agreed, when talking to him, to the employment of an expert. Both of the councilmen in question, indeed, and eventually admitted that they would not consider allowing the mayor to pay for the expert's services.

During the meeting, a sharp tilt between the utilities commissioner and several aldermen over the operation of the filtration plant was a feature. The latter contended that the commission-

er should bear the expense thereof.

When a motion was passed endorsing the action of the mayor in employing the expert in question, Alderman Hyndman and McKinley placed themselves on record as being opposed, contending that they considered the council had no authority and did not intend to be made individually liable.

FREE LIST BILL IN HOUSE

WASHINGTON, D. C., April 25.—The tariff again holds the attention of congress. It made its appearance today in the shape of a free list bill which was called up just before adjournment yesterday, and which threatens to lead to almost endless debate before it finally is passed along to the senate. Leaders on both sides of the house foresee long days of talk ahead. That the measure will pass is generally conceded, but it will not commend the heavy toll of Republican votes given to the Canadian reciprocity measure. Amendments already are beginning to pour in and efforts are being made by the free trade Democrats to enlarge the scope of the measure. While the senate was not in session today, interest centered in the executive session of the Republican committee on committees which is trying to heal differences over committee assignments between the regular and progressive members of the party in the body. Chairman Gallinger today hoped he would report the assignments Thursday.

CAMORRISTS TRIAL ADJOURNED

Viterbo, Italy, April 26.—Trial of the Camorristi has been adjourned until Monday because of the illness of a juror who failed to appear when the session was to have been resumed today. It is reported that the trial may be transferred to some other city because of dissatisfaction on the part of the jury.

ALABAMA SUNDAY SCHOOLS

Anniston, Ala., April 26.—Scores of delegates and visitors are in Anniston attending the annual convention of the Alabama Sunday School Association, the session of which began today and will continue until Friday. President E. V. Mullins of the Southern Baptist Theological Seminary at Louisville, Dr. L. W. Mumhall, of Germantown, Pa., Dr. J. Wilbur Chapman and other religious workers of note are here to address the convention. Prof. E. O. Exell is in charge of the musical features of the programme.

If there's a new thing out in New's Furniture, you'll be sure to find it at Kelly & Moore's.

CHURCHMEN IN SESSION

Washington, D.C., April 26.—With Justice Lurton of the United States supreme court, as honorary chairman and many leading bishops, rectors and laymen of the Episcopal church in attendance from all parts of the country, the twenty-ninth annual Episcopal church congress was opened yesterday with religious service in St. John's church. The subsequent sessions lasting until Saturday will be held in Continental Hall. The woman's suffrage on religious and educational institutions, and the necessity of continuity in missions are the leading subjects for discussion.

Exclusive Novelties in Neckwear at Kelly & Moore's.

HERESY CHARGE AGAINST PROFESSOR

Pittsburg, Pa., April 26.—A special meeting of the Pittsburg Presbytery went into session behind closed doors today to consider the overture directed against Professor William Adams Brown of the Union Theological Seminary, New York. The overture, which was introduced by the Rev. Dr. M. L. McEwan, of this city, asks for an investigation of certain alleged heretical statements made by the New York professor in reference to the Bible and miracles. It is believed likely that the local presbytery will decide to refer the overture to the Presbyterian General Assembly which is to meet in annual session in Atlantic City next month.

PATRICK'S 25TH APPEAL

Albany, N.Y., April 26.—The appeal of Albert T. Patrick, who has been a prisoner for more than ten years and is now serving a life sentence in Sing Sing prison for the murder of William Marsh Rice, came up for argument today in the court of appeals. This is Patrick's twenty-fifth appeal. In his previous hearings Patrick was permitted to argue his case in the courts, but this right is now denied him because he has been declared as a practicing lawyer. He has therefore been obliged to engage counsel to represent him.

FATHER AND CHILDREN DROWN

Delle Ewart, Ont., April 26.—Swamped in an overturned boat, Fred Leport, aged 35, a laborer, and his two children, aged eight and ten, were drowned in Lake Simcoe. Leport was seen seven feet of water, three yards from shore. The bodies of the children were found about noon by Leport's wife and a widow and two infant children.

WOULD EXTEND PARCELS POST

Washington, D.C., April 26.—Under the auspices of the Postal Progress League, a conference of delegates representing nearly all parts of the country met at the New Willard Hotel today to discuss ways and means to bring about an extension of the parcels post system in the United States. It is probable that congress will be asked to pass legislation providing for a general parcels post up to eleven pounds at 8 cents a pound, 1 cent for each two ounces; a cheap local parcels post on rural routes and insurance of all mail matter.

Sparkling Cut Glass, Ash Bros.

WANT PARDON FOR MCCANN

Juliet, Ill., April 26.—The state board of pardons and today to hear arguments on the application for a pardon for Edward McCann, former Chicago police inspector. McCann was in charge of the so-called vice district on the West Side in Chicago and was convicted of bribery in connection with the alleged protection of red-light resorts. His conviction was affirmed by the highest courts and he is now serving his sentence in the state penitentiary here.

MEETING OF NEGRO LAYMEN

Dayton, O., April 26.—A two days' convention of negro laymen of Ohio, assembled here today to promote religious work among colored men and to discuss plans for the extension of foreign missionary work.

CENTRAL STARTS PENNANT RACE

Terre Haute, Ind., April 26.—The Central League inaugurated its season today under conditions that has led to general belief among managers and managers that this is to be the most successful year in the history of the organization. Grand Rapids opens at Evansville, Fort Wayne at Wheeling, Dayton at Zanesville and South Bend champions in this city. One hundred and forty teams are scheduled for the season, which will end September 10.

NEW ODD FELLOWS' TEMPLE

Honolulu, Mich., April 26.—The handsome temple recently completed for the Odd Fellows' lodge of this town, was dedicated today with impressive ceremonies. Grand Master Charles Ganshaw, of Saginaw, and other officers of the Michigan grand lodge participated.

PORTLAND KENNEL CLUB SHOW

Portland, Ore., April 26.—Five hundred aristocratic canines representing all the popular breeds were brought today at the opening of the annual show of the Portland Kennel Club. Well-known kennels throughout the western sections of the United States and Canada are represented and many respects the show is the best ever made here. The exhibition will continue until the end of the week.

WEDS SON OF FORMER SENATOR

Albany, N.Y., April 26.—The wedding of Miss Pauline Stoutenburg, daughter of Mr. and Mrs. Frederick Dodd Stoutenburg, of Newark, and George Duane Smith, son of ex-Senator James Smith Jr., took place today at Fairhaven, the summer residence of the bride's parents.

CHIEF SCORED BY THE ALDERMEN

(Continued from Page Two.)

are responsible for the filters not being in operation. The commissioner contended that the machine cover was started until May 15th, and that as soon as possible it would be placed in operation. He did not know when the season of turpentine started, and, as a matter of fact, the filters were still frozen, which brought a report from Alderman Lundy to the effect that if the plant had been properly drained and cared for, it could have been in operation now, and the people would not be compelled to drink dirty water. The commissioners admitted they had charge of this utility and for the reason the Alderman did not see that there was any reasonable excuse for the present state of affairs.

Communications.—A communication from the Salvation Army expressing the thanks of that association for the grant of \$300 made by the council at the last regular meeting. The communication was filed.

A communication was also received from Superintendent McGie, of the public schools thanking the council for a grant of \$100 used in defraying the

expenses of the entertainment of the teachers when they were in the city attending the convention last week.

The secretary of the Edmonton board of trade wrote the council asking them to approve of the petition being circulated and the resolution with respect to restricting negro immigration was received and read. On motion of Hyndman and Grindley the action of the board of trade was approved.

T. M. Turnbull and John Bull appeared for the coronation committee asking the council to make a donation of \$8,000 to assist in defraying the expenses of the coronation celebration. Referred to the finance committee.

The request of Jackson Brothers that they be allowed to install prism lights in front of their proposed new buildings on Jasper avenue was granted with the usual restrictions with regard to safeguarding the city against any loss which might accrue through a damage suit against the corporation.

The amalgamation committee recommended that no steps be taken to purchase a site for a municipal stock yards in that a cheaper and more central site could be purchased in Strathcona which would be of benefit to the two cities when they are united. The committee recommended that action be deferred until after the plebiscite on union of the two municipalities is taken.

After some discussion it was decided that the city propose to purchase, in view of its close proximity to the packing plant, was more suit-

able and accordingly the original plans of the council will be carried out.

A. G. Harrison wrote the council asking that the sum of \$5,000 be deposited to the credit of the exhibition association. The secretary-treasurer was instructed to secure funds up to seventy-five per cent. of the debentures issued, and still unsold for exhibition purposes, and turn the same over in \$5,000 lots to the association.

Finance Committee's Report.—The finance committee's report showing an expenditure of \$83,977.23 was submitted by the chairman of that committee and approved by the council.

By-laws All Passed.—The secretary-treasurer submitted a report showing that all the money by-laws voted on Monday last were duly ratified by the electors of the city.

Accept Athabasca Site.—The council decided to accept the proposition of the Dominion government to a corporation or the provincial government the city still has sixty days to submit a bylaw to the people and then has until the end of 1912 to expend the sum of \$100,000 in the development of the water power at that point. It is generally considered that the city should by all means hold on to the site in question if possible with a view to either developing it or turning it over to a corporation or the provincial government. Alderman Hyndman believed the time was not far distant when the

province would take up the question of distributing power to all the important municipalities in Alberta.

Artificial Gas Bylaw.—The agreement granting a franchise to the International Heating and Lighting Company was laid on the table for one week in order to give the council an opportunity of hearing the objection which Commissioner Bouillon has to register.

The bylaw providing for the purchase of land for a stock yards was also laid on the table for one week.

Scores Police Chief.—A letter protesting against the treatment which he received at the hands meeting held in the Thistle Rink and intimating that he would probably bring action against the city for damages, was received from C. W. Gawa, the gentleman who was ejected from that meeting by the chief while in plain clothes and wearing no badge.

Commenting on the question Alderman Hyndman stated that he saw the entire affair, and concluded that the chief's action was totally uncalled for. The writer of the letter certainly had no case against the city and he considered that the chief of police should be called to account and severely reprimanded. The chief had no right to take hold of people at a public meeting and act in the manner in which he did.

After some further discussion the question was referred to the commissioners as it was considered that this matter came specially under their jurisdiction.

Commissioners' Reports.—The following report with respect to the development of power on the Saskatchewan river was laid on the table: "1. On the 19th inst., Mr. Augusta Prattz, appeared at the meeting of the commissioners, and stated that suitable conditions existed for power development on the Saskatchewan river between Section 26, Township 54, Range 3 west of 30th Meridian and Section 30, Township 54 Range 2 West of 5th Meridian, about six miles southeast of Wabamun Lake.

2. He stated that a twenty-foot fall can be obtained in about two and one-half miles, provided the river is diverted to what he understands is the old channel of the river, a direct line connecting the two ends of a bend.

3. It is our understanding that several members of your honorable body have intimation relative to water power possibilities along the Saskatchewan river, and the information is forwarded to your consideration."

Report on Machinery.—Commissioner Bouillon and Butchart submitted the report given below on the question of motor machinery, evidently being intended to fill the request of the commissioners for an Engineer Parsons together with whatever suggestions the commissioners might have to make. Commenting on the commissioners' report Alderman McInnis stated that in his opinion it was nothing more nor less than an observation and not a report. He considered that he was not what the council had asked for and believed that the commissioners were trying to dodge the issue.

Alderman Lundy took the same view, pointing out that Alderman Hyndman's view of Tuesday night was very clear and that most any intelligent person could understand what was meant by it. After some discussion the report, which is given below, was laid when the power question was discussed on the table until later in the evening when the power question was discussed in committee of the whole.

1. Referring to resolution passed by your honorable body on the 18th inst., referring the above-named report to us with request that we submit a report to your honorable body at next meeting with our recommendations, which we were notified by the secretary-treasurer in letter of the 19th inst. We beg to state that it is not clear to us from the secretary-treasurer's communication just what is expected from us in connection with said report.

2. There is in the city's files a voluminous report upon the power plant situation prepared by Mr. Francis over a year ago by order of your honorable body, at great expense to the city, and the Parsons' report as we understand it, is in the files, and we presume of the Francis report supplemented by certain recommendations as to new machinery.

3. Our policy since we assumed charge of the power plant last year has been to extend as little additional capital as practicable to maintain the present plant in condition to meet the demands of service, realizing that the plant as it exists is not laid out along the lines of a modern community plant, and, with due respect to opinions of outside engineers, it would be impossible and entirely too costly in proportion to the actual requirements to attempt to re-arrange the present plant as to make it an economical lay-out of machinery, and one doubtless for a moment that the present plant could be rearranged but there would be considerable element of doubt as to just what saving there would be after that having expended money to rearrange it.

4. If Edmonton remains dependent upon the mechanical generation of power, what it needs soon is a new plant to be constructed on the site, designed in such a manner that it is susceptible of gradual expansion along uniform lines; the lay-out to contain all the devices which save labor and make up high efficiency in modern mechanical plants, a condition which it must be quite impossible to ever reach in any rearrangement of machinery at the present plant without the aid of a new plant.

The present plant is suitable only as an auxiliary or stand-by for our future plant, whether the latter be hydro-electric or mechanical.

5. Owing to the time lost in the preparation and pass of the necessary by-laws after our estimates were

submitted, it is now apparently too late to obtain any machinery for the water supply plant to do service this summer, although it is our intention to purchase two pumps, one low and one high service, each of 6,000,000 gallons capacity, as soon as possible and of types suitable for installation in the present pump house. We will endeavor to have the high service pump installed late in the fall and the low service pump during the winter for service next year.

6. It is also too late in our judgment to obtain the alternating current machinery best adapted to our present plant for installation in time to be in service at the beginning of our peak season, although we propose to make the necessary arrangements for the best type of machinery available as rapidly as practicable.

7. Certain new boilers, namely two of 400 H. P. capacity for the electrical plant, and one of 500 H. P. capacity for the water pumping plant, are to be purchased at once from the Babcock & Wilcox Company, and we are about to call for tenders on the mechanical stockers for these specific boilers.

8. The conditions at the plant are not such as any one need worry over, and we are confident that the machinery in the plant is not as good as should be and it is not necessary to rearrange or replace the same. We feel that the proper spirit to possess

among us and at the plant is one of loyalty to the property of the city of Edmonton, such as it is, making the best of what we have and get all out of that that there is in it, for the least possible cost. We are only too well aware that ideal conditions are not possible at our present plant, what we are aiming at is practical results for the least cost.

Claim for Damages.—The commissioners submitted the following report with respect to the claim of J. Dumlop arising out of the contract for the power house which was referred to the city solicitor, the commissioners and the public works committee with power to act.

"1. Last year, when the pump house building was falling down, and after we had devised preliminary plans for the completion of the building with such salvage as we considered possible, we addressed letter of August 13, 1910, to Mr. J. Dumlop, requesting to be informed whether or not it would be agreeable to him to allow us to proceed with the work on the city's account, without prejudice to any and all claims to the city proceeding with the work as outlined in his letter, providing he was first paid the balance of \$400 as claimed by him, and his letter

was accompanied by statement of account.

"2. On the same date we notified him that we deemed it imperative for the protection of the public interest and safety, to proceed with the partial demolition of the building and rearrange it to make it safe and proper shelter for the machinery therein, and thereafter we proceeded with the work.

"3. Under date of August 27th, 1910, letter was addressed to us by Messrs. Boyle, Parlee & Co., acting for Mr. Dumlop, claiming the sum of \$400.00. We requested the opinion of Mr. Bowen, city solicitor, in the matter, which gave us under date of September 12th, 1910, and we concluded, on the basis of his opinion, to let the matter rest, that is, to let the claimant take further action as he saw fit.

"4. We now have letter of April 13th, 1911, from Messrs. Boyle, Parlee, Freeman, Abbott & Mustard, relative to the same claim, and we transmit same herewith, with previous correspondence referred to, for consideration of your honorable body. The differences in question were created under the immediate supervision of the city engineer, and we are submitting the claim for your consideration without prejudice to the city proceeding with the work as outlined in his letter, providing he was first paid the balance of \$400 as claimed by him, and his letter

Edmonton Offered Gas at \$1.48½ Calgary Now Pays \$1.57½

VOTE ON GAS BYLAW TO BE TAKEN ON MAY 16—INTERNATIONAL HEATING AND LIGHTING COMPANY. AN OLD AND EXPERT OPERATING COMPANY, WILL SPEND HALF A MILLION DOLLARS IN THE ERECTION OF A PLANT IN THIS CITY—UNION WAGES TO BE PAID WORKMEN EMPLOYED IN THE CONSTRUCTION.

On May 16, the ratemakers of the city will be called upon to approve the agreement between the International Heating and Lighting Company, of Cleveland, Ohio, and the city, for a non-exclusive twenty-five year franchise for the manufacture and distribution of gas.

This agreement is the result of many months of negotiating and is held to be one of the most stringent of contracts. The public interest is protected fully. The agreement is non-exclusive. It is for only twenty-five years, at the end of which time the city may purchase the plant if it so desires, and the price of gas from the outset will be cheaper than in any other city in the west, with the exception of Winnipeg.

The initial price of gas is fixed by the agreement at \$1.48 1-2 per thousand cubic feet. A sliding scale is also provided, which will result in dollar gas before this city has reached a population the equal of any city in America where dollar gas is at the present time obtained.

The price of gas in Calgary, after the company which holds the franchise has been in operation for seven years, is \$1.57 1-2 per thousand cubic feet. By the time the Edmonton plant has been in operation a few years, the Edmonton consumers will be getting

gas at a considerably lower price than the price which at the outset of operations is materially less than that charged in the other cities.

By the agreement, the gas to be supplied shall be of the highest standard quality. In addition to this, the service must be highly satisfactory, for besides the necessity on the part of the company maintaining the reputation it has attained in other cities, where it is now operating, there are severe penalties provided for in the agreement if the service should not be satisfactory.

Another important factor which should commend this agreement to the ratemakers is the fact that the construction of a gas works in the city will mean the expenditure of half a million dollars of outside capital. This is the city engineer's estimate of the cost of a plant such as the company will be required to build in order to meet the gas needs of the city.

The agreement further provides that the minimum rate of wages to be paid to laborers shall be the prevailing rate in the city. In other words, the city's fair wage clause has been inserted.

The need of gas is universally admitted and the present is the opportunity for the city to obtain gas at a reasonable rate and with the guarantee of good service.

INVESTIGATES TELEGRAPH RATES

Toronto, Ont., April 26.—Results of an important and widespread nature are expected from the official investigation which was begun by the Railway Commission in this city today into the rates and methods of the telegraph companies doing business in Canada. The investigation is due to a complaint made by the Winnipeg Board of Trade, but the issues involved are of general interest throughout the Dominion.

LIEUTENANT-GOVERNOR IN CRITICAL CONDITION

Quebec, April 26.—Lieutenant-Governor Pelletier is reported a little better today, having passed a good night. Hon. Dr. Pelletier, ex-speaker of the legislative assembly, the governor's nephew, who arrived here yesterday, admits that the governor cannot last many days. The paralysis is making rapid inroads on his constitution.

REAL ESTATE SHOW IN GOTHAM

New York, April 26.—The very latest improvements in home building and furnishings were placed on view in Madison Square Garden today at the opening of the Real Estate Show. The exhibition, which is the largest affair of its kind ever given in America, will continue through the coming week. The exhibits, some of which are miniature and others in full size, show all types of up-to-date residences, from the bungalow and four-room cottage to the city mansion and palatial apartment house. Every modern convenience and luxury in the way of heating, lighting, refrigerating and sanitary arrangements are to be seen, together with the latest ideas in regard to inside furnishings and exterior adornment.

SENATOR TILLMAN'S DAUGHTER A BRIDE

Trenton, N. J., April 26.—Many guests from all over the state attended the wedding here today of Miss Lona Tillman, daughter of United States Senator and Mrs. Benjamin P. Tillman, and Charles Sumner Moore, a prominent lawyer of Atlantic City, N. J. The ceremony was performed in the Church of our Savior. Miss Lona Tillman, youngest sister of the bride, was the maid of honor, and the wife of her brother, Mrs. Henry Cunningham Tillman, of Greenwood, S. C., was matron of honor. Mr. Arthur Pringle Hume, of Philadelphia, acted as best man and the groomsmen were Mr. Henry Wise Hughes of Trenton, S. C., Mr. Erving Fennel Chapin, of San Francisco, and Mr. Nelson Burr Gaskill, of Trenton, N. J.

BIG WAREHOUSE FOR SASKATOON

Saskatoon, April 26.—A six storey warehouse is to be erected in Saskatoon by the Ashdown Hardware Co. of Winnipeg, which will be used for the distribution of orders throughout the large section of the country supplied from this city. A permit has been taken out for \$150,000 and the site for the building was purchased by Mr. Ashdown some time ago.

A permit was also taken out today for a new building for the Dominion Bank to be erected on Second avenue at a cost of \$35,000.

MASONIC TEMPLE DEDICATED

Trinidad, Colo., April 26.—High degree Masons from all over Colorado attended the dedication today of Trinidad's new Masonic temple. The building cost \$40,000 and is one of the finest edifices in the state owned by the Masonic fraternity.

RELIGIOUS LIBERALS MEET

New York, April 26.—Prominent ministers and distinguished liberal religious workers from all parts of the country gathered in this city today to take part in the third congress of the National Federation of Religious Liberals. The congress will be in session three days, during which time a wide range of topics of timely interest will be discussed. Numbered among the well-known men who will contribute to the programme are Rabbi Joseph Krauskopf, of Philadelphia, Rev. Gilbert G. Villard, of New York, Prof. Francis Brown, of Union Theological Seminary, Edwin D. Mead, of Boston, and Rev. S. A. Eliot, president of the American Unitarian Association.

NEW STYLE SLEEPING BERTHS

Montreal, April 26.—D. McNeill, vice-president of the C. P. R., has given orders for the construction at the Angus shops of six sleeping cars of an entirely new type. These cars are to be used on the transcontinental service, will be divided into compartments instead of having berths divided by curtains. There will be seven of these compartments and they will resemble the staterooms on board steamers, each having its own electric lights, wash basin, etc. At one end there will be a large general toilet room while at the other end will be a drawing room fitted with berths in which families of four or five can travel.

AMERICAN WATERCOLOR EXHIBITION

New York, April 26.—The 44th annual exhibition of the American Watercolor Society was opened today with a private view and reception. The display is confined to original works in watercolors, pastels, miniatures, sketches and drawings by American artists.

CONGREGATION REJECTS REPORT

Calgary, April 26.—At a special meeting of Knox church Monday the building committee presented plans of a church to cost \$173,000. After a long and somewhat stormy meeting the congregation rejected the recommendation and the entire building committee resigned and the meeting adjourned. The congregation said the old church and site for \$155,000.

BIG ISSUE PLACED

London, April 26.—W. T. R. Preston, financial agent of the Dominion of Holland, has informed the Canadian association press correspondent at Rotterdam that the Canadian Mortgage Co. has successfully placed its issues on the exchange at Rotterdam and intends entering active business in Western Canada. The company purposes raising additional funds for extensions by issuing bonds in the Netherlands to the extent of half a million bearing attractive interest. This is the second successful Canadian financial venture in recent months there.

STRENUOUS DAYS FOR THE PRESIDENT

New York, April 26.—The presidential record for strenuous activity, Col. Roosevelt set at a pretty high mark during his term of office, promises to be knocked skyward by President Taft during his present brief sojourn in New York. From the hour of his arrival in the city today until his departure late tomorrow night or early Friday morning the president will have little leisure on his hands. He will be present at the opening of the exhibition of the blind in the Metropolitan Opera House and later partake of fogash at the Cafe Boulevard as the guest of the Hungarian Republican Club. Tomorrow he will address a meeting of Methodists at the Hotel Astor and in the evening attend a dinner of newspaper publishers at the Waldorf-Astoria. He will also be the guest at a dinner of the Archaological Society and will attend several other functions if his time permits.

A Liberal Offer

We Guarantee to Cure Dyspepsia. If We Fail We Refund the Costs Nothing.

To unsolicited proof to the people that indigestion and dyspepsia can be permanently relieved and that Rexall's Dyspepsia Tablets will bring about this result, we will furnish the medicine absolutely free if it fails to give satisfaction to any one using it.

The remarkable success of Rexall's Dyspepsia Tablets is due to the high degree of scientific skill used in devising their formula as well as to the care exercised in their manufacture, whereby the well known properties of Bismuth-Subnitrate and Pepsin have been combined with Carminatives and other agents.

Bismuth-Subnitrate and Pepsin are constantly employed and recognized by the entire medical profession as invaluable in the treatment of indigestion and dyspepsia. The Pepsin used in Rexall's Dyspepsia Tablets is prepared by a process which develops its greatest efficiency. Pepsin supplies to the digestive apparatus one of the most important elements of the digestive fluid, and without it the digestion and assimilation of food is impossible.

The carminatives possess properties which aid in relieving the disturbances and pain caused by undigested food. This perfect combination of these ingredients makes a remedy invaluable for the complete relief of indigestion and dyspepsia.

We are so certain of this that we urge you to try Rexall's Dyspepsia Tablets on our own personal guarantee.

Three sizes, 25 cents, 50 cents and \$1.00. Remember you can obtain Rexall Remedies only at—The Rexall Store, A. Archibald.

I. O. O. F. ANNIVERSARY

Baltimore, Md., April 26.—The membership of the Independent Order of the Odd Fellows, throughout the world are today celebrating the nineteenth anniversary of their order. It was on April 26, 1821, that the order was founded in Baltimore by Thomas Welby and five associates. During the ninety years of its existence the fraternity has extended throughout the United States and Canada, to Australia, and to Germany, Sweden, Denmark, and several other countries of Europe. The total membership exceeds 1,500,000, which does not include the members of the women's auxiliary. During the past year the fraternity paid relief benefits amounting to more than \$5,000,000.

BUENA VISTA

THE demand for this property has been such that the company have decided to place the balance of this beautiful subdivision on the market,

Your Opportunity is Now

Situated as this Property is, it should appeal to the business man for a select home, or for more lots will make an enviable home, an investment unequalled in any part of town. By consulting a map of the Twin Cities, you will see that Whyte Avenue, which undoubtedly cross the river, thus forming another main thoroughfare leading direct to this beautiful Residential Property. Inside the city limits of Edmonton, within three-mile circle. Beautiful Laurier Park on two sides and with River frontage.

Price of Lots
\$150 to \$350

One-third Cash; Balance 1 and 2 years, at 7 per cent., or 6 and 12 months with no interest.
We can take you to see the Property any time.

M. RUNNALLS & CO.
Sole Agents Phone 1654 140 Jasper W.

REAL ESTATE BULLETIN

In business property, the demand today has again been for Jasper Avenue, Central and Western Central, with some First Street and Namayo Avenue.

In residential, the usual locations are in steady demand. In houses, the H. B. Reserve, West, and the Great Estate still seem to be the only localities considered eligible by home-seekers, and we are able to supply even a larger demand than that we are experiencing, as our list is well maintained.

We invite enquiry in this special line.

ALBERTA PARK

We are daily placing blocks of this suburb in the hands of careful investors to whom the rapid advance in price of surrounding subdivisions is giving confidence in this as one of the best properties offering for this purpose.

Arrange to see it and select your block on the spot.

Today's Offerings Business Properties

80 feet on Jasper Avenue, Block 5 \$100,000

50 feet on First Street, south of C. N. R.:

per foot \$800
A lot on First Street, Blk. 1, Norwood \$3,100
A double corner on Fraser Ave., Blk. 17, R. L. 10 \$5,000
A double corner on Namayo Avenue, Block 1, Norwood \$2,950

Residential Properties

A 10-roomed modern brick house on 16th St., south of Jasper \$6,000

A 9-roomed modern house on 5th Street, south of Jasper \$3,700

An 8-roomed modern brick house on 12th Street \$6,100
On easy terms.

A 9-roomed well-built house on 6th Street, near Vermilion \$4,600
Small cash payment.

A 7-roomed modern house on 13th Street, north of Jasper \$3,700

A large assortment of choice lots in H. B. Reserve, Groat Estate and Ingleswood.

Farm Lands

640 acres 1-2 mile from Station, on Vegreville-Calgary line; per acre \$15

1-2 sections, facing on Vermilion Lake; per acre \$10

2380 acres, selected Northern Alberta Lands, for \$30,000

Scrip

We have always on hand for immediate delivery South African Veteran Scrip at current price; also a small supply of the now scarce Half-breed and Red River Volunteer Scrip, which do not require the performance of homestead duties.

Loans

We are in a position to promptly arrange for loans in large or small amounts, on farm or city property, at current rates of interest.

CRIMINAL CASES AWAITING TRIAL

Calendar in Judge Taylor's Court
Congested and Actions May
Be Transferred.

For months past Judge Taylor has been, perhaps, the busiest jurist on the bench, and the pressure of civil cases which are awaiting adjudication, have resulted in the continual delay of criminal cases originally set to come before him for trial. The outcome will probably be that a number of these at least will be tried by judges of the criminal court.

Among the cases awaiting trial are those of Rex vs. E. F. Hilsbeck and H. Parsons, charged with obtaining various sums of money under false pretences from Pine Creek and Smoky Lake people. The accused are alleged to have issued checks for \$800 to the neighborhood of \$800 for the purchase of goods, at a time when they had no funds in the Canadian Bank of Commerce upon which the checks were drawn.

An effort is to be made to set down for trial at an early date, the cases of Rex vs. Philip Connolly, charged with rape, Rex vs. Mandelmann, rape.

YOUNG BUT WISE

In a school in a Western Ontario town is a little girl who has not taken quickly to the mysteries of addition. "One's one?" asked the teacher, while putting the class through the easiest of the addition tables. The little girl referred to was the only person in the class who couldn't give the answer. "Two's one?" asked the teacher. The little girl smiled confidently, put up her hand and when noticed by the teacher, said, "School is closed."—From Toronto Canadian Courier.

SHEFFIELD CHOIR COMING MAY 9

Extensive Preparations Being
Made for Entertainment of
Famous Singers.

Elaborate arrangements for the entertainment of the Sheffield choir, which contains among its two hundred members many business men of eminence, are being made by the entertainment committees of the board of trade and city council. The choir will arrive in the city on May 9, and will sing in the McLaughlin Methodist church on May 9 and 10.

The special train bringing the members of the famous choir to Edmonton will be met at the C. N. R. depot by a joint committee of the city council and the board of trade, at 2 o'clock on the afternoon of Tuesday, May 9. Between seventy-five and one hundred automobiles will meet the party of English musicians. In the afternoon an automobile tour of the city and district will be made.

On Wednesday, May 10, a luncheon will be tendered the English party by the ladies of the hospital aid society. Many of the business men who will visit Edmonton as members of the choir, are strong in British financial circles, and are seeking opportunities for the investment of capital in western securities, and a probable outcome of their visit will be a very considerable increase in the amount of British capital invested in the Edmonton district.

STEEL FOR MAIN LINE GRAND TRUNK PACIFIC ACROSS PRAIRIE CREEK

The steel on the main line of the Grand Trunk Pacific will reach the mines of the Jasper Collieries by the end of May, according to the forecast made by Chief Engineer Morris, of the Jasper Collieries, who is in the city today, preparatory to going west to the mines.

The steel has now been laid across the Prairie Creek bridge, and will be across the Athabasca bridge early in May. The Jasper Collieries are about 10 miles west of Prairie Creek bridge. The company are preparing to ship coal as soon as the steel reaches the property.

MISCHA ELMAN

Today, Mischa Elman is recognized as the greatest living violinist. There are musicians who assert that, directly, Elman will efface every superlative mark ever established by the greatest players who have come before, standing supreme, not merely as the vanguard of the age, but as the violin genius of all ages.

Elman will appear at the McLaughlin auditorium Monday, May 18. Seats \$2.00 and \$1.00. Plans now open at Thompson Hall the Geo. Suckling Piano Warehouse.

DEPART ON FUR GATHERING TRIP

Hispop and Nagle's Party Off on
Two Thousand Mile
Jaunt.

Starting on their annual 200-mile fur-gathering journey down the Athabasca and McKenzie rivers to the Arctic circle, Hislop and Nagle's party, accompanied by Ed. Nagle, left this morning, taking a stage to Athabasca Landing. There were five in the party. The party is to visit the various posts of Hislop and Nagle on the McKenzie river, and the Arctic Red river as well as on the Athabasca river. They travel north on the Athabasca as far as Fort Smith, where they take steamers that will carry them across Lake Athabasca down the Slave river, and across the Great Slave lake into the McKenzie river.

The round trip will occupy over four months, the party returning to the city some time in September.

Judge Noel holds court at Wabamun today, where the case of Dunn vs. Kruse, action for the recovery of the sum of \$253 comes up for hearing.

You Had Better Get Into The Procession

We have sold over sixty lots during the past week, in G. T. P. ADDITION. This is a record which will make even the bird man hustle to beat it.

These sixty odd lots have been bought by the careful, shrewd investors of our city.

Some have bought for speculation only, but many have bought to make a home.

We guarantee every lot to be a choice lot in every respect, high, dry and perfectly level.

There are just enough trees on the property to make it a delightful spot for the home.

The Prices are so cheap that every purchaser is assured of a handsome profit in the very near future, and the terms so easy that no one can afford to pass by.

An extension of time is granted in case of sickness and a free transfer to the legal heirs in case of the death of the purchaser.

The prices are from \$90.00 to \$150.00, and corners are \$25 extra.
